Cleaning Tips and Moving

1. OFFICE HOURS

Please see the inside front cover to find the office hours for your Leasing Office.

2. RESIDENT PHONE NUMBERS and EMAIL ADDRESSES

PHONE NUMBERS PLEASE! For your protection and convenience, please furnish your Leasing Office with your cell, home, and work telephone numbers and your email address. In case of emergency, it may be important for us to be able to contact you immediately. A phone number is required for maintenance service outside of business hours. It enables maintenance to obtain further information prior to going to the site to serve you better.

3. CRIME OR EMERGENCY

Dial 911 or immediately call local medical, fire, or police emergency personnel in case of accident, fire, smoke, or suspected criminal activity involving imminent harm. You should then contact your Leasing Office. If you or any occupant or guest is affected by a crime, you must make a written report to your Leasing Office as well as to the appropriate local law-enforcement agency. You also must furnish us with the law-enforcement agency's incident-report number or a copy of the actual report. CMG Leasing is not responsible for covering the cost of damages done to your apartment due to, or related to, acts of vandalism.

4. FIRE EXTINGUISHERS

It is strongly suggested that Resident(s) acquire a fire extinguisher for use in emergencies only. At some CMG Leasing communities, we provide fire extinguishers in the apartments and/ or in the common areas. These extinguishers are only to be used in an emergency and as directed on the instructions. Anyone who has been found misusing an extinguisher will be charged to recharge or replace the extinguisher and will be charged any necessary cleaning or damage repair resulting from this misuse.

If you are provided a fire extinguisher by your apartment community and you should need to discharge your extinguisher in an emergency, please contact the Leasing Office to report the incident. Your fire extinguisher will need to be serviced after use.

5. FIRE

When a fire strikes, **THINK! DO NOT PANIC!** First, use your fire extinguisher (or baking soda in case of a grease fire). Then, call the fire department. Next, call your CMG Leasing Office. Do not leave your apartment door open if you find it necessary to vacate your apartment. Remember, fire thrives on air as fuel. A closed door slows air supply and can help to control the fire. Exit in an orderly manner. Breezeways and landings must be kept free and clear of clutter at all times. No bikes, mopeds, other motorized vehicles, furniture, decorations, or any other items that might block entry or exit are allowed.

Keep all surplus and flammable materials and any combustible fuels or their containers out of your apartment. They also may not be stored on your deck or patio or storage room. Any fire damage to your apartment (or any other portion of the premises) caused by negligence on your part (or that of your friends or family) will be the responsibility of the Resident(s) and guarantor(s).

Taking simple precautions, such as these, can prevent fires:

1. Make sure matches and cigarettes are completely cold before discarding. Do not throw cigarette butts or ashes in mulch beds or ashes from decks or patios in mulch beds.

2. Don't play with matches.
3. Do not smoke in bed, in the breezeways of buildings, elevators, or hallways.
4. Never throw water on a grease fire. Keep a box of Bicarbonate of Soda (Baking Soda) handy and douse the fire with baking soda.
5. Keep all surplus and flammable materials out of the furnace room, away from the water heater, and furnace.
6. Planning safety—Be sure you, your roommates, guests, and/or family know ahead of time how to react and what to do in case of a fire.
7. Should smoke from a fire be detected upon waking, always crawl on the floor to an exit.
8. Make sure your carbon monoxide and/or smoke detector works at all times.
9. Make sure lint from behind the dryer is vacuumed regularly.
10. Do not put aluminium foil on the walls, stove, or range hood - including stove drip pans.
11. Keep furniture 3 feet from windows to allow for an escape in the event of a fire.

6. AFTER HOURS EMERGENCY MAINTENANCE SERVICE

CMG Leasing offers you 24-hour emergency maintenance service. Someone is on call at all times every day of the year for emergencies. Should a serious maintenance problem arise when the office is closed, an answering service will take your message and direct it to the proper staff member. **Please call your Leasing Office for emergencies.**

Emergencies include:

Water leaks (other than faucet drips)

No power (outside of a community-wide outage)

No hot water

No heat (in winter) or air conditioning (when outside temperature is in excess of 80 degrees)

Leaking water heater

Oven inoperable (over weekend)

Inoperable Refrigerator

Gas Leak (if applicable)

Smoke or CO detector chirping (low battery)

Door or window lock broken

Sewer back ups

Commode not functioning (where there is only one full bath)

Garbage disposal not functioning (do not use dishwasher if garbage disposal is not functioning)

Any item which will cause damage if left unattended, or may be a health and safety issue

Broken windows (not cracked)

After hours maintenance issues need to be reported by dialing the office number, and then pressing 3 for maintenance. Thereafter, if non-emergency, press 1 and if emergency, press 2 to page a technician to your apartment. PLEASE MAKE SURE TO LEAVE YOUR NAME, APARTMENT NUMBER, PHONE NUMBER, AND A BRIEF DESCRIPTION OF THE PROBLEM. The return call from maintenance may be from a RESTRICTED number, please answer so we can properly address your emergency. If you do not answer the return call from maintenance this may prevent us from assisting you. If you have no response in twenty (20) minutes,

PLEASE CALL BACK. Remember that this service is for those items which cannot wait until the next workday. No notice is given prior to repair. Resident's request for service is considered notice. This service is provided at no charge unless the Resident is responsible for the condition through negligence or mistreatment, or if emergency maintenance is requested for a condition which, in reality, is only routine or normal maintenance and can be handled during normal business hours.

7. LOCKOUTS

Please call your Leasing Office for Maintenance Assistance.

LOCK OUT CHARGES ARE: \$40.00 5:01 pm - 7:59 am & Weekends

Please keep your keys with you at all times. If the Maintenance staff enters your apartment for a requested repair, or a scheduled inspection, and the Resident is not at home, it is CMG Leasing's policy to lock the door when exiting. If you arrive home after office hours and your door has been locked, lock out charges will apply.

If service personnel are on-site at the time of the call, there will be no charge if it is during business hours. There will not be a charge if a key is checked out of the Management Office and returned within 30 minutes. There will be a charge if the key is not returned. In order to use the lockout service, a Resident must be on a current lease, and show a picture ID for verification of residency. The service charge can be paid immediately to Maintenance Personnel, or Resident can be billed. Service charge is to be recorded and submitted to Management for immediate billing. The Resident and the member of the service team must sign an acknowledgement of charge form.

9. OCCUPANCY GUIDELINES

- Fair Housing policy. CMG Leasing is absolutely committed to compliance with Fair Housing laws. Different apartment communities may have different policies, provided that the policies do not violate Fair Housing laws. Fair Housing laws do not require equal treatment

of all persons. Instead, they require that persons may not be discriminated against because of race, color, religion, sex, national origin, handicap, elderliness, or familial status sexual orientation, gender identity, veteran status, and source of funds. Under federal Fair Housing laws, rental housing owners may treat people differently and discriminate against them for reasons other than those listed above—such as rental history, credit record, criminal history, amount of funds, current drug use, etc. We rent to anyone who meets our resident screening criteria regardless of their source of funds.

- **Definition of family.** Federal statutes and regulations define a “family” as follows: A family consists of one (1) or two (2) adult parents or custodians PLUS a child who must be (1) their natural or adopted child, (2) a child who they have legal custody of or are applying for legal custody of (e.g., guardian/ward or foster parent/child), or (3) a child who is living with the adult(s) by written permission of the child’s parent or custodian. A pregnant woman is considered a family under the federal Fair Housing statute. (A married couple without children living with them does not constitute a family.)
- In Blacksburg, no more than four (4) unrelated parties may occupy an apartment. Certain zoning areas dictate three (3) unrelated parties. Check the local codes for Blacksburg. Notwithstanding the Blacksburg Town Ordinance with regard to unrelated residents, the HOA’s bylaws may be more restrictive relative to the maximum number of unrelated residents permitted to reside in a unit, regardless of the number of bedrooms. In such cases wherein the HOA’s bylaws are more restrictive as to unrelated residents, said HOA bylaws will control as to that particular housing community. Please check your HOA bylaws for the maximum number of unrelated residents to be allowed in a housing unit.
- In Radford, a family is defined as one (1) or more persons related by blood, marriage, or adoption, including foster children. 70 square feet per person per bedroom, except as otherwise provided herein.
- In Christiansburg, no more than two (2) unrelated parties may occupy an apartment.
- **Two (2) persons per bedroom.** Each of the following types of applicants must rent at least the number of bedrooms as stated below. A child twelve (12) months of age or younger at the time of move in or lease renewal will not be counted in determining the number of persons living in a bedroom. When a child is older than twelve (12) months, then that child is counted as an occupant toward the stated occupancy schedule. Each applicant’s gross funds must be three (3) times the total monthly rent. A married couple may combine income together to qualify for three (3) times the entire monthly rent. For Vue, all properties leased through The Reserve at Knollwood Leasing office, and all properties leased through the Cedar Pointe Leasing office, each applicant’s gross funds must be two (2) times the total monthly rent. A married couple may combine funds together to qualify for two (2) time the monthly rent.

	Occupants w/Children	Occupants w/o Children

2BR	4 persons and infant(s) 12 months of age or younger at time of move-in or lease renewal	4 persons total
3BR	4 persons total if unrelated and infant(s) 12 months of age or younger at time of move in or lease renewal, 6 persons if related and infant(s) 12 months of age or younger at time of move in or lease renewal	4 persons total if unrelated, 6 persons total if related

-----	--	--

- **Applications.** Each roommate, parent and adult living in an apartment must submit a separate rental application. A married couple may submit a joint application. All applicants must be eighteen (18) or older.
- Two (2) different families may live in same apartment only if: (1) a single parent with child(ren) lives in the same apartment with one (1) other single parent with child(ren), (2) the persons-per-bedroom ratios above are met, and (3) each parent qualifies for three (3) times the entire monthly rent. For Vue, all properties leased through The Reserve at Knollwood Leasing office, and all properties leased through the Cedar Pointe Leasing office, two (2) different families may live in same apartment only if: (1) a single parent with child(ren) lives in the same apartment with one (1) other single parent with child(ren), (2) the persons-per-bedroom ratios above are met, and (3) each parent qualifies for two (2) times the entire monthly rent.
- Otherwise, non-family members (adults or minors) may live with a family only if: (1) the persons-per-bedroom ratios above are met, and (2) the parent(s) of the children who live in the apartment qualify for three (3) times the entire monthly rent. For Vue, all properties leased through The Reserve at Knollwood Leasing office, and all properties leased through the Cedar Pointe Leasing office, otherwise, non-family members (adults or minors) may live with a family only if: (1) the persons-per-bedroom ratios above are met, and (2) the parent(s) of the children who live in the apartment qualify for two (2) times the entire monthly rent.
- **Unrelated Parties:** The Zoning Ordinance controls unrelated occupants.
- When state or local statutes are more restrictive than the above guidelines, these state or local requirements must be followed.
- Where specific apartment styles have dens, lofts or additional rooms not generally classified as bedrooms, those rooms may be used as bedrooms, provided that use of such a room as a bedroom does not violate the applicable local building or housing codes.

10. **OCCUPANCY GUIDELINES & APPLICATION AGREEMENT (THE EDGE COMMUNITY ONLY)**

- **Roommate Clause.** MANAGEMENT has the right to assign a Roommate to any vacant Exclusive Bed Space in the Unit before or during the Term of this LEASE without notice. Any available bedroom space within the apartment will be offered to any qualified applicant without regard to race, color, religion, national origin, sex, familial status, handicap, elderliness, sexual orientation, gender identity, veteran status, and source of funds in compliance with all applicable federal, state, and local Fair Housing laws and regulations. Residents may request to live with members of their same gender/gender identity as defined under applicable Virginia law, on the basis of privacy and modesty. We rent to anyone who meets our resident screening criteria regardless of their source of funds.
- **Occupancy Guidelines:** The Fair Housing Amendments Act of 1988 prohibits the discrimination against families with children under age 18 with regard to the rental of residential buildings. We accommodate families with children under the age of 18 in accordance with the Fair Housing Amendments Act of 1988. The occupancy guidelines set forth by The Edge Apartments and Townhomes limit occupancy to one person (plus an infant under the age of 12 months upon occupancy) per bedroom. A qualified Applicant may execute one lease contract for one individual bedroom space at a time, except that families may reside at The Edge Apartments and Townhomes so long as they execute a

12. SMOKE DETECTORS and/or CARBON MONOXIDE DETECTORS

Smoke detectors and/or carbon monoxide detectors are installed in the apartment for your safety and for others. All residents are responsible for reasonable care of the smoke and/or carbon monoxide detectors under applicable Virginia law, including but not limited to Virginia Code §15.2-922. The smoke and/or carbon monoxide detectors will be in operation at the time of your move-in, and thereafter, it will be the resident's responsibility to notify the CMG Management Office if the detector light goes out or starts to chirp. Once Management has received actual notice from the resident of a low battery condition, it will then be responsible for changing the batteries in the smoke and/or carbon monoxide detectors as needed. This is for your safety and protection and for that of your neighbors in the event of a fire or other such casualty. To test the smoke and/or carbon monoxide detectors, press hard on the test button and hold for 5 seconds. If you disable or damage the smoke and/or carbon monoxide detectors and/or fail to timely request service or to report a malfunction, you will be in breach of your lease agreement and will be liable to CMG Leasing and to any others for any loss, property damage, bodily injury, death and/or fines proximately caused by fire, smoke, water and/or any other such related casualty. Note that Virginia law requires that all smoke and carbon monoxide detectors remain in operation at all times. Therefore, do not remove the battery or in any other way impede or disable the function of these devices. Residents will be charged for reinstallation or for replacement of any smoke and/or carbon monoxide detectors. There will be a \$50 charge if Maintenance finds a smoke or carbon monoxide detector removed, disconnected, or in any way disabled in your apartment. Any such actions of this nature shall also be deemed a breach of this lease agreement.

NOTE: THE LAW REQUIRES THAT ALL SMOKE DETECTORS REMAIN IN OPERATION AT ALL TIMES. THEREFORE, DO NOT REMOVE THE BATTERY OR IN ANY OTHER WAY IMPEDE THE FUNCTION OF THIS DEVICE.

Residents will be charged for reinstallation or replacement of smoke and/or carbon monoxide

detectors. There will be a \$50 charge if Maintenance finds a detector down in your apartment.

13. FIRE SPRINKLER SYSTEMS/HEADS

Fire sprinklers and related equipment are not to be tampered with under any circumstance. Do not touch them in any way. You might accidentally set them off and serious water damage will result. Sprinkler heads can be tripped by residents using sprinklers as hangers.

To avoid accidents, you should know that:

- Sprinklers operate when the heat from a fire melts their temperature sensitive linkage, allowing high pressure water to discharge
- Sprinklers operate individually and when one sprinkler goes off, it doesn't mean that all sprinklers are activated. Only the sprinkler heads directly exposed to a fire will activate.
- Sprinkler heads can also be activated by sufficient mechanical force acting on the linkage that pops the link and allows the water to discharge, same as if activated by a fire.
- Sprinklers are never to be used to hang items.
- Always maintain adequate heat in your apartment during cold weather. Do not leave windows open in winter. Do not turn off the heat to save energy as this can lead to frozen pipes and unnecessary floods.
- Never paint over sprinkler heads.
- A damaged and/or bent sprinkler head will cause the sprinkler to not operate properly
- Leave a minimum of 18" of clear space around and below the sprinkler head so it can operate properly.

14. DELIVERIES

For your protection, passkeys will not be extended to any person not listed on the lease.

15. BICYCLES, MOPEDS, AND HOVERBOARDS

Bicycles should only be stored on the bike racks provided. Bicycles that are chained or locked to railings, bushes, drain pipes, etc., or kept on any grassy or landscaped areas, or found in hallways of apartments will have the chain or lock cut and the bicycle/moped will be removed at the owner's expense. Mopeds, or any other motorized vehicle, are not permitted inside the buildings, breezeways, and/or patios/balconies. Mopeds, and any motorized vehicle, must remain legally parked in the provided parking spaces at all times. Failure to do so will result in the vehicle being removed at the owner's expense. Hoverboards and their chargers are not permitted on CMG Property as they are a fire hazard.

16. VEHICLES - GENERAL

CMG Leasing does not allow any washing or repairing of vehicles on the property. Never, under any circumstances, are motorcycles, mopeds, mini-bikes, or other motorized vehicles to be taken into an apartment, placed on a patio or in a hallway for any reason. Abandoned or inoperable vehicles are not permitted on the property and will be towed at the owner's expense. Parking Permits must be obtained on the day of move-in. The permit is only valid for the term of the lease agreement and a new sticker must be obtained at the beginning of any lease renewal.

- The Resident's driver's license and vehicle registration will be copied and kept on file.
- Registered vehicles will park in parking spaces only and between the white lines. If any part of your vehicle is on or over the line, you are considered to be double parked and will be towed.
- Do not park in fire lanes, handicapped spaces (unless authorized), in front of or next to

dumpsters, or in an electric vehicle charging spaces unless actively charging the vehicle. Non-electric vehicles are not permitted to park in the spaces allocated for charging electric vehicles. Improperly parked vehicles are subject to towing.

- Towing charges resulting from violation will be the responsibility of the Resident.
- Limited parking spaces are provided and are available on a first-come, first-serve basis.
- No vehicle of any kind shall be parked or kept on any grassy or landscaped area.
- No inoperable or unlicensed vehicle is to be left on the premises.

- Resident agrees to hold Management harmless and to defend and indemnify Management for any damages caused by or incidental to such towing.
- Any form of duplication or alteration of parking permits is a violation of the Lease Agreement and is grounds for eviction.
- Recreational vehicles (boats, trailers, etc.) and commercial vehicles are not permitted.
- When a resident changes cars during the course of the lease (i.e., a roommate change, sublease, or purchase of a new car), the old permit must be returned to receive a new one.
- Knollwood Condominium has assigned parking. Violators may be towed.

17. FRIENDS, VISITORS, AND GUESTS

Residents must accept all responsibility for all of their friends, family, visitors, and/or guests while they are on the premises at the Resident's request or invitation. We do respect the Resident's privilege of having people visit; however, please do not allow this to become a permanent situation with a visitor transforming into an additional Resident in your apartment. Since only the individuals listed on the lease contract are authorized to occupy and reside in the apartment, any visitor occupying premises for more than seven (7) days consecutively or fourteen (14) days in any one (1) calendar year will be considered a new Resident. This new Resident will be required to report to Management to complete the correct paperwork. Otherwise, this is in violation of the lease and will result in legal proceedings against the resident in accordance with applicable Virginia law. Occupancy is further defined per paragraph 6 (six) of the lease agreement.

18. COMMUNITY CONSIDERATION

If you have lived in an apartment before, you understand how important it is to be considerate of your neighbors. One of the easiest things you can do to help avoid disturbing your neighbors is to remember to keep your stereo and television volume low. If you have friends over, please avoid loud voices and noises - day and night. Please remember that you are responsible for your guest's behavior.

Do not feed stray animals on-site. This attracts more animals that could harm someone as well as cause damage to personal property.

Be sure to clean up after yourself and your guests after using any community common spaces or amenities.

Smoking tobacco and marijuana, as well as vaping, can be disruptive of your neighbors' rights to peaceful enjoyment of their leased premises. If smoke can be detected outside of your apartment unit, it may very well interfere with your neighbors' rights to enjoy their apartment unit in comfort. Therefore, please be mindful of your neighbors and undertake all necessary

precautions to prevent smoke from traveling beyond your apartment unit. Additionally, please note that the oils contained within the aforesaid smoke can adhere to walls and to other surfaces, which can cause persistent odors. Accordingly, residents will be held financially responsible for any incurred costs associated with any remediation efforts required to seal walls and to remove smoke-related odors found within the affected apartment units. Further, smoke damage is considered damage above reasonable wear and tear, and thus any costs incurred to remove any such smoke damage found within the affected apartment units will be charged to the resident(s) responsible for causing said smoke damage.

19. CARE OF THE PREMISES

Social gatherings are expected. Please clean up the grounds and hallways should trash (cans, cups, cigarette butts, etc.) be dropped on the grounds. Please clean up the same night or same day of any gathering. Clean up will be billed at \$50.00 per hour per person involved. Please note that 509R Sunridge Drive is a smoke-free unit.

No wood shall be stored on or near buildings due to possible pest infestations. Also, no personal items shall be stored under deck areas.

Further, no gas or charcoal grill nor any other open flame cooking or heating device may be stored or used on any patio at the property, except permanently installed community grills provided by the MANAGEMENT.

20. GENERAL LIMITATIONS ON CONDUCT

We may exclude guests or others who, in our judgment, have been violating the law, violating this Lease Agreement or any apartment rules, or disturbing other Residents, neighbors, visitors, or owner representatives. We may also exclude from any outside area or common area a person who refuses to show photo identification or refuses to identify himself/herself as a Resident, occupant, or guest of a specific Resident in the community. Also, Blacksburg Police Department has the authority to exercise a ban on behalf of CMG Leasing.

21. CHANGES AND ADDITIONS TO GUIDELINES

CMG Leasing reserves the right to make changes and additions, at any time, to the rules and regulations relative to the entire community. These rules and regulations are in compliance with the Virginia Residential Landlord and Tenant Act. Your CMG Leasing Office will notify you of any major additions or changes in the rules and regulations, or procedures. Where a conflict appears between these guidelines and the Lease Agreement, the conflict shall be resolved in favor of the Lease Agreement.

22. USE OF GAS OR CHARCOAL GRILLS AND ELECTRIC SMOKERS

Use of gas, charcoal, kerosene, electric and/or any other such associated grills, heaters, smokers, fire pits, s'mores cookers and/or any other such similar cooking and/or heating devices are strictly prohibited. No combustible fuels are permitted within the confines of any apartment building or storage area. This includes balconies and first floor porches. Heat from grills will melt the vinyl siding if sitting too close. Any damage caused from violation will be charged to resident. This requirement is found in Section 307.5 and 307.5.1 of the International 2000 Fire Code, which replaces the BOCA Code in Virginia, September 2003. Management may remove any grills, heaters, smokers, and/or items containing combustible fuels if found on the premises.

Code 307.5 Charcoal burners and other open flame cooking devices. Open-flame cooking devices shall not be operated on combustible balconies or within 10 feet (3048 mm) of

combustible construction. Failure to obey this code may result in a fine.

Code 307.5.1 Liquefied-petroleum-gas-fueled cooking devices. LP-gas burners having a LP-gas container with a water capacity greater than 2.5 pounds (1.14 kg) [(Nominal 1 pound) (0.454kg) LP-gas capacity] shall not be located on combustible balconies or within 10 feet (3048 mm) of combustible construction. Exception: One-and two-family dwellings.

23. KEG PARTIES, BLOCK PARTIES, AND FLYER PARTIES

THESE PARTIES ARE NOT ALLOWED DUE TO THEIR POTENTIAL TO ATTRACT LARGE CROWDS. THESE INVITED OR UNINVITED CROWDS CAUSE SEVERE DAMAGE TO PREMISES. OBSERVE UNDER AGE DRINKING LAWS, AS DEFINED BY THE STATE OF VIRGINIA AND LOCAL ORDINANCES REGARDING PUBLIC USE OF ALCOHOL. NO KEGS OR KEGERATORS ARE TO BE TAKEN INTO RESIDENT(S) UNITS, ONTO UNIT DECKS, PATIOS, OR GROUNDS.

For your safety, the Management of CMG Leasing has set a limit to no more than five (5) people with a cumulative maximum weight of 1000 pounds to be on each balcony at any time. Any excess of this is prohibited. Also, Chase and Tech Terrace residents are permitted a maximum of sixteen (16) people in the living room at any time. Any excess of this is prohibited.

Residents at 107 Turner Street, 109 Turner Street, 1600 Tom's Creek Road, and 1602 Tom's Creek Road may not have any more than six unrelated guests or invitees or any other unrelated non-resident individuals on the subject leased premises at any one time without the prior written consent of the property manager and/or of the owner. Further, at no time is the subject leased premises to be used as a location for social gatherings of more than 10 unrelated individuals, including the residents, and any such permitted social gathering that results in disruptive actions and behavior being committed that disrupt and disturb the neighbors' rights to peaceful enjoyment of the neighborhood and of the community at large shall be construed as and shall constitute a breach of the lease agreement.

Fog machines are prohibited to be used at any community.

24. SECURITY

If Residents go on vacation or away from home for a few days, remember:

1. **Do not leave a key hidden for any reason.**
2. **Lock all windows and doors.**
3. **Discontinue newspaper delivery.**
4. **If Resident has a sitter watching the premises, please provide Management with name and written authorization giving the sitter permission to be in the apartment. Without written authorization, if the sitter is locked out or the key is broken in the door, Management will not allow this person to enter the premises.**
5. **Let CMG Leasing Management know if you plan to be away from the apartment for an extended period of time and the best way to reach you. By law, if you are away seven (7) consecutive days without notice to Management, the premises may be considered to be abandoned.**
6. **Do not hesitate to contact your CMG Leasing Office if unusual behavior is noticed or of circumstances that may be of an illegal nature. The observance of unusual occurrences and noises can prevent vandalism. In case of emergency, contact the local police by dialing 911.**

25. NOISE DISTURBANCES

The most common grievance expressed by residents is noise. Each and every Resident in

the community has the right to the quiet and peaceful enjoyment of their home. Residents who have no previous experience living in this type of housing may not be aware of how some sounds can carry. The sounds emitting from television, radio, stereo system, musical instrument, or even boisterous conduct should not leave the confines of the apartment. Please keep in mind that your apartment is only one (1) in a building with several others. For social functions at your apartment, please try to follow these simple rules:

1. **Keep balcony doors and windows shut.** If it is a warm night, please turn the air conditioner to a slightly lower setting.
2. **Please have guests remain inside the confines of your apartment.** Please advise your guests not to linger in the hallways, stairs, entrance way, or parking lots.
3. **Alcoholic beverages, cups and/or cans must be kept inside.** CMG Leasing will bill you for hall and grounds clean up as a result of a social function. Clean up the same night or same day of any gathering. Clean up will be billed at \$50.00 per hour per person involved.
4. **Restrict attendance to friends (less than twenty (20)). Do not admit people whom you do not know, or cannot control.** Please do not extend "blanket" invitations. These unexpected guests usually have a total disregard for you or your continued residency with CMG Leasing. You will be held responsible for their behavior.
5. **When parking, please do not allow guests to block entrances to building areas, park on the grass or block dumpsters.**
6. **Towing will be enforced.**
7. **If you have a function and feel you no longer have control of your guests, please contact the Police Department for assistance.**
8. **No more than five (5) average sized people should be on decks at one time.**
9. **Residents who might experience noise problems are asked first to approach the neighbor causing the disturbance.** Discuss the situation and make an attempt to come to a satisfactory solution. If this approach fails to rectify the situation, the second step is to contact the local police department for assistance. Each locality has a Noise Ordinance. Advise the Rental Office in writing on the following workday of the apartment number of the Resident causing the problem and describe the circumstances surrounding the situation.
10. **Residents of the Edge Apartments and Townhomes may contact 540-552-3343 to leave a message for the Courtesy Officer that is on site from 9pm-3am.** They will address any noise issues directly and as they are happening.

26. MAILBOXES

Each apartment in the community has been assigned a particular mailbox. CMG Leasing is not responsible for accepting Resident(s) mail delivery. The Post Office should be contacted if mail is not being delivered properly. For your protection, CMG Leasing will only give keys to individuals listed specifically on the lease who have a picture ID. If the key is lost, resident will be charged for lock replacement (\$27.00). Duplicate mailbox keys cannot be issued due to Postal Regulations.

29. GARBAGE AND TRASH REMOVAL

Garbage collection containers have been conveniently placed at CMG Leasing properties. Place all trash IN the dumpster, not on top or around it. Please flatten any boxes you take to the dumpster. Mattresses or other furniture should not be placed in these dumpsters. Contact the Management Office for assistance in disposing of large items. Please do not place household garbage outside of the apartment in the hallways or patio areas. The Resident will be charged a \$25.00 fine, per bag, for violation of this rule. If individual trash cans are provided, they must be placed curbside for pickup on collection day. After pickup, cans must be returned to a screened location or the Town of Blacksburg will impose a fine which will be a resident charge. **Cigarette butts are unsightly and may not be disposed of on the grounds, in mulch beds, or thrown from decks. This is a major fire hazard. Clean up charges will be assessed, based on an hourly rate of \$50.00 per hour. Please use ashtrays if you smoke and dispose of cigarettes properly.**

30. RECYCLING

CMG Leasing has provided several recycling collection sites at the properties in Blacksburg for the use of our residents. Section 20-403 of the Blacksburg Town Code requires that all apartments and multi-family homes provide the same recycling opportunities to tenants as the

Town provides to residents on its service (single stream). To recycle aluminum products and steel and bi-metal cans, remove lids, rinse, and flatten. Make sure cans are empty and dry. Do not remove spray nozzles from aerosol cans. Glass (all colors) needs to have the lids removed. Be careful not to break the glass. Plastics (type 1-PETE and type 2-HDPE) need to be rinsed, lids removed, and flattened if possible. Paper needs to be kept dry. No plastic bags, no styrofoam, and no cartons. If recyclables are kept in a plastic shopping bag to carry to the recycling site, place recyclables in the recycling bin and discard the plastic shopping bag in the trash dumpster. Plastic shopping bags are not recyclable but can be turned in at local grocery stores. Electronics can be recycled at the YMCA Thrift Shop at 1000 North Main Street and Goodwill at 1413 North Main Street, both in Blacksburg. Let's Reduce, Reuse, and Recycle!

31. UTILITIES*

Electric, gas, and water service must be in the name of the Resident(s) on the lease beginning date and left in the Resident(s) name until the lease expiration date. Failure to do so will result in having the meter disconnected by the utility provider and the Resident will be charged a reconnection fee. Please note that general disconnects are done every Monday, May through August as Residents vacate. Residents who have signed an individual lease for the Radford Properties are not required to set up utilities in their name.

TIP: If you are leaving your apartment for a vacation or for the summer, you can reduce your bill by turning off the breaker switches to any rooms except the kitchen and heating and cooling unit to your apartment. This leaves the connection on in case of an emergency and prevents you from being charged a reconnect fee by the power company. **NOTE: It is very important that your refrigerator is cleaned out and left on. Failure to do this can ruin the refrigerator and the Resident will assume responsibility for the replacement.**

*** Utilities at The Edge are included in the rent. Certain caps may apply. See Leasing Rental Agreement.**

32. HEATING, AIR CONDITIONING, AND TEMPERATURE CONTROL

To assure comfort and conserve energy, set the thermostat at one (1) temperature, and leave it there. When it **turns cold** outside, set the selector switch on the thermostat to "HEAT", and set the fan switch to "AUTO". Set the controls between 68 and 74 degrees to provide maximum heating. Setting them higher will not heat your apartment any quicker. In the winter, open your window coverings during the day to allow the sun to warm your apartment and help reduce the power load. Do not switch your thermostat directly from COOL to HEAT or from HEAT to COOL. This will cause permanent damage to your unit and could result in a charge to you for repair and/or replacement. Always allow several minutes to elapse while switching modes; otherwise, the unit may be damaged.

Do not "jiggle" the controls or frequently reset the cooling and heating lever.

In **hot weather** set the selector to "COOL" and set the fan switch to "AUTO". Set the controls between 68 and 78 degrees to provide maximum cooling. Setting temperature controls lower will not cool your apartment any faster. For optimal operation, remember to close all windows and doors when the air conditioner or the heater is on. Also, keep window coverings closed during the day to keep the apartment cooler.

To keep your A/C working at peak capacity, follow this simple checklist:

1. Keep A/C filters clean.
2. Please keep furniture, boxes, etc., clear of the grill's cold air return to allow unobstructed delivery of cool air to your apartment.

3. **Do not store anything on or around your air conditioning unit. This could impair circulation resulting in higher electric bills and cause permanent damage to the unit.**
4. **Vacuum vents regularly.**
5. **Use the ventless kitchen fan while cooking and the bathroom fan when bathing. These fans will remove the excess heat and humidity and help to keep cooling costs down.**
6. **Use the oven as little as possible during the hottest parts of the day.**

During the winter, never disconnect the power for any reason as severe damage (caused by freezing pipes) may occur as a result. The Resident will be responsible for payment for damage which is a result of turning off the heat. Maintain a room temperature of at least 60 degrees to prevent pipes from freezing.

NO KEROSENE HEATERS MAY BE BROUGHT INTO THE RESIDENCE.

33. HOW TO PREVENT FROZEN WATER PIPES

Liability for damages resulting from failure to maintain normal heating at all times will rest with the Resident. The Resident will be liable for damage to CMG Leasing property and to other's property if damage is caused by broken water pipes due to the violation of these requirements.

Unless we instruct otherwise, for 24 hours a day during severe freezing weather:

- Leave heat on a minimum of 60 degrees at all times. When you are away for several days ideally, temperatures should never fall below 60 degrees.
- During severe cold spells, leave kitchen cabinet doors open under the sink. Faucets near exterior walls should have a small drip or trickle of hot and cold water faucets. Running water does not freeze as easily.

34. FURNACE FILTERS

The maintenance staff will change the filters in the heating and air conditioning units on a seasonal basis. A schedule of this maintenance is distributed in advance. The Residents must move any items that might interfere with the maintenance team while replacing the filters. **Do not use the furnace room for storage, or store items near the gas furnace or water heater. This is a fire hazard and a burden to the efficiency of your furnace.**

While changing the filters, the maintenance staff will do a preventive maintenance inspection. Work orders will be written and a maintenance person will return at a later date to repair any items found. If any items are deemed Resident damage, the Resident will be charged.

35. EXTERMINATION

We provide pest control service on an annual basis. The service schedule may be printed in our newsletter or published through written notice. A request to the Rental Office will obtain extermination service earlier than the next regularly scheduled date. Early prevention can control potential problems.

If the Resident has a question or concern about the application of a particular pesticide, the Resident must provide the Management Office written notice of such question or concern at least 24 hours prior to the scheduled application of the pesticide.

Your apartment will automatically be serviced on an annual basis as a preventive measure. Extermination will not always be noticeable immediately. Often, there is increased activity. Please call the CMG Leasing Office if you still see insects in your apartment after ten (10) days. Please be aware that there is more to pest control than periodic exterminating services. If

additional services are requested or required and you do not prepare in accordance with Management's instructions, you may be responsible for the cost of the exterminator's visit. If your apartment is still not prepared upon the second request, a cleaning contractor may be employed to assist and your account will be charged for this additional cost.

Follow these simple rules:

1. **Always be aware that good housekeeping is essential to good pest control.**
2. **Do not accumulate paper bags or newspaper in the kitchen or bathroom areas.**
3. **Trash and garbage should be kept in plastic bags and properly removed from your apartment daily.**
4. **Empty drink bottles should be rinsed thoroughly before storage.**
5. **Store dirty clothes in a plastic sealed bag until wash day.**
6. **Store food properly and keep counters and cabinets dry in kitchen and bathroom areas.**
7. **Do not allow dirty dishes to accumulate in the kitchen, living room, or bedroom areas.**
8. **Report pest problems immediately to the Property Management office.**

If the Resident caused or contributed to any such infestation due to Resident's negligence and/or failure to properly maintain the leased premises and/or failure to promptly notify Owner of said infestation, the Resident may be required to pay all reasonable costs of cleaning and of pest control treatment incurred by Owner. Further, if Resident fails to follow these provisions, Resident may likewise be held liable for any damages or costs incurred by Owner, and Resident may be held in default, which will afford Owner with the right to terminate Resident's right of occupancy and to pursue all rights and remedies available to Owner under the Housing Contract and applicable Virginia law.

36. WINDOW TREATMENTS

For your privacy and your convenience, blinds have been provided on all windows. **These must be cleaned before vacating your apartment.** The provided window coverings must be in good condition and free of damage when you move out. If blinds are damaged during residency, they will be replaced at the Resident(s) expense. These blinds also enhance the appearance of your community and therefore all window treatments must appear white to the outside of the building. Sheets, blankets, foil, etc. are not to be hung in place of draperies. Management has the right to determine the acceptability of the window treatment. Management does not provide drapery rods.

37. WINDOW GLASS AND SCREENS

Our maintenance staff will replace broken windows or torn screens when found or reported. Charges for material and labor will be the resident's responsibility and payment is due within fourteen (14) days. Glass cleaning will be the responsibility of the Resident(s) throughout residency and upon vacating.

38. HANGING PICTURES

Resident(s) shall not drive nails in the wall or otherwise attach to the building (including ceilings, doors, and balconies) any decorations or devices in the apartment except with written permission of Management. No tape, glue, poster putty, or sticker type hangers may be used. They damage the paint when removed. The damage that results is not considered normal wear and tear. Under no circumstances are doors, cabinets, paneling, or other woodwork to be used for picture hanging or other attachments. Paint is not considered normal wear and tear. If you choose to put holes in the walls, you will be charged for the wall repair and painting. If you spackle these holes, you will be charged for the wall repair and painting. If removable wallpaper

or decals are applied to the walls in your apartment, you may be charged an additional fee if residue remains on the wall surface. Ceiling paint charges not included in standard paint and are not included in 3rd year no paint charge.

39. REFRIGERATOR

To clean the interior of the refrigerator, use a solution of baking soda and warm water. On the exterior, use a mild soap and warm water. Please do not use scouring powder or other strong abrasives inside or out; these will scratch the surface. Use care in cleaning any plastic part. Do not wash plastic parts in extremely hot water or place it under hot water directly from a cold refrigerator. Residents are not permitted to unplug the refrigerator at any time.

40. GARBAGE DISPOSAL

It is recommended that the cover be left in the drain position when not in use to prevent any foreign material from accidentally falling into the disposal unit. Only cooked meat scraps, and vegetable and fruit matter should ever be put into garbage disposals.

For best operation, follow these steps:

1. Remove stopper from sink opening and run strong flow of cold water.
2. Turn on switch to start disposal.
3. Slowly insert food waste into disposal and position stopper to minimize possible ejection of material while grinding.
4. After grinding is complete, turn disposal off and run water for at least 15 seconds to flush drain line.

Should the disposal shut off due to an overload, allow the motor to cool for three (3) to four (4) minutes, then push the red reset button on the motor (located in the cabinet under the sink) and resume operation. When the motor will not operate after checking the reset, call your Rental Office for repairs.

CAUTION: Never put your hand in the garbage disposal.

NOTE: The disposal should be run at least once a week in order to push out anything in it. This will help prevent locking up. Disposals should only lock up from lack of use. If lockup is determined to be misuse, the Resident will be charged for repair.

The equipment in the kitchen and bathrooms shall not be used for any purposes other than for which they were constructed. No sweepings, rubbish, rags, disposable diapers, sanitary napkins, tampons, ashes or other obstructive substances shall be thrown therein. Do not dispose of metals, paint or similar item (compound), toilet bowl tablets, strings, grease, coffee grounds, can tabs, bottle tops, pasta, potato scraps, noodles, nutshells, glass, olive or fruit pits, corn cobs, paper, wire, bones, aquarium gravel, contraceptive devices, cotton balls, Q-tips, cigarette lighters, paper cups, rice, or nonfood in disposal or commode. Resident shall be responsible for any and all repairs and damages resulting from the misuse of such equipment.

41. KITCHEN FIXTURES

Wood cabinets should be treated just like any other good fixtures or furniture and can be cleaned with any of the products that could be used on wooden furniture. Cabinet facings can be cleaned with a damp cloth and a very mild household cleaner or soap. Once the cabinets are cleaned, you can apply a coat of regular furniture polish. Should you experience cabinet drawers coming off their guides, cabinets that do not open and close properly, or problems with cabinet hardware, please notify your Rental Office. Improper use will be the responsibility

of the Resident. Painted cabinets may be washed with a household cleaner.

The counter tops can be cleaned very easily with a nonabrasive household detergent or all-purpose cleaner and water. Do not place hot items from the range or oven or any other heated items directly on the counter top. A hot item can cause a burn mark, which is permanent damage to the counter top. **ALWAYS USE A CUTTING BOARD FOR CUTTING AND CHOPPING TO PREVENT UNNECESSARY DAMAGE TO THE COUNTER.** Should you cause any damage you will be held responsible for the cost of a counter top replacement.

42. RANGE

Periodic cleaning of the range top and the oven will ensure maximum cooking efficiency. Be sure to turn off all controls before cleaning. The range top and front facing can be cleaned with hot, soapy water or an all-purpose household cleanser. Never clean any surface area with gritty soaps, abrasive cleaners, or a sharp instrument since all can cause damage. The oven walls can be cleaned with an oven cleaner. However, do not allow the oven cleaner to touch the chrome, electric elements, or drip pans. Do not use oven cleaner on a self cleaning oven. For gas stoves, if your oven has a pilot light, cover it with something that will not burn, such as a small metal measuring cup and only use gas oven-safe oven cleaners. Drip pans must be new when you vacate, unless you have a gas or glass top stove. Periodically place drip pans and oven racks in the dishwasher for cleaning. Do not wrap drip pans with aluminum foil. This is a fire hazard.

Glass top/Flat top stoves should be frequently cleaned and wiped down to prevent damage. Cooked-on food, grease, and/or stains must be removed before move out. Deep scratches or cracks in glass top stoves are not normal wear and tear, and may require replacement of the glass at the resident's expense.

The range hood is essential for removing cooking smoke and should be cleaned regularly with hot, soapy water or an all-purpose cleaner. Located directly under the hood is a filter, which can be easily removed. The filter accumulates grease and must be cleaned periodically by removing it and washing in hot, soapy water. Please allow the filter to dry prior to replacing securely back in its original position.

43. LIGHT BULBS

Light bulbs are provided in each apartment at the time you move in. Thereafter, the Resident will be responsible for the replacement and installation of all LED light bulbs. If the Resident has questions about what light bulb to purchase, please contact your leasing office. If you need a fluorescent bulb replaced, contact your Leasing Office for a work order. Maintenance will install those for you. All light bulbs must be working when the Resident moves out of the apartment.

Only "appliance bulbs" should be used in the refrigerator or range. Check wattage when replacing burned out bulbs. Too large of wattage will result in damage to fixtures. As a rule of thumb, use no greater than a 60 watt bulb in a regular fixture.

The Edge Apartments Only - Energy efficient LED bulbs are used in all light fixtures. If one should go out, please contact the Leasing Office and they will be replaced at no cost to you. There will be a charge if these bulbs are missing.

44. ELECTRIC FIXTURES

Each apartment is supplied with electric fixtures which are easy to clean and maintain. A

damp cloth with mild soap or detergent is a very effective cleaner. Turn off the switches and/or unplug the cords from the receptacles prior to cleaning. Each apartment is wired for the normal use of lamps, radios, televisions, small appliances, etc. Do not use multiple plugs or extension cords. Overloading a circuit can not only damage the plugged in item, but can also create a potential fire hazard. Light bulbs will be supplied upon initial occupancy, but replacement bulbs are the Residents responsibility, with the exception of the Edge Apartments.

Each apartment is equipped with a circuit breaker box in case of power overload. Please make yourself familiar with the location and proper use of the circuit breaker box. Most circuit breakers are located in a bedroom on an outside wall. Other boxes may be located in the hall closet or utility room. As a safety precaution and to protect against damage, the breaker will automatically cut off when there is an overload or electrical short. If you ever lose electricity in a section or in the entire unit, be sure to check and see if the circuit breakers are all in the "ON" position. Wait approximately five (5) minutes before you reset the circuit breakers. When a circuit breaker cuts off, it does not flip totally to the "OFF" position. Make sure to completely turn the switch off and then turn it back on. If this does not solve the problem, please call your CMG Leasing Office or the power company. Do not block or cover your breaker box. For your safety it should be easily accessible at all times.

45. PLUMBING

If your water heater is electric and there is no hot water, check the breaker box for on/off position, then contact the office. If the water heater is gas, please report it to the office immediately. Likewise, if any of the pipes or faucets begin to leak or if the toilet tank is continually running, please report it to the office.

Please call the office for service if the caulked areas around your bathtub and tiles become cracked, broken, or chipped. Water seepage can cause severe damage to your apartment, as well as to your neighbor's apartment. Make sure the shower curtain is completely closed. **DO NOT block access panels to tubs, faucet cutoffs, or any other devices that may impede personnel from doing seasonal inspections. Blocking these access panels may allow leaks, which would otherwise be found, to continue causing damage to the floor systems and the apartment below. It may also damage your personal items and we are not responsible for these losses.**

46. PLUMBING FIXTURES

All plumbing fixtures such as sinks, tubs, drains, commodes, etc. are to be used only for the purpose intended or designed. Therefore, no solid articles, paint or similar item (compound), toilet bowl tablets, disposable diapers, rags, rubbish, grease, food, sweepings, matches, fireworks, ashes or cigarette butts, sanitary napkins, flushable wipes, tampons, Q-Tips®, cotton balls, or clothes, should be placed in them. All such waste should be placed in trash containers. You may not dispose of cat litter in toilets, even if the litter is marked flushable. Articles that result in plumbing blockages or that must be removed by maintenance will be at the Resident's expense. One article that will provide you with a great deal of assistance and is very inexpensive is a **PLUNGER**. If maintenance is continually requested to plunge a line, the Resident will be charged. A plunger can solve the majority of plumbing problems. Purchase one (1) and have it available to solve minor paper stoppage and eliminate overflows. If the toilet overflows, immediately lift the cover off the tank, reach inside and push the flapper firmly into the hole on the bottom of the tank. The water supply for the toilet can be cut off by turning the handle located under the tank in a clockwise direction. Then call your CMG Leasing Office for maintenance.

47. DISHWASHER

Portable dishwashers are not allowed.

Management will not be responsible for items ruined in the dishwasher. To clean the exterior and interior surfaces, simply wipe with a damp, sudsy cloth, then rinse, and dry. Periodically running the dishwasher empty with a cup of bleach will help keep the lines unclogged and the inside clean.

NOTE: Hand washing dish detergent will cause your dishwasher to overflow and leak.

Do's and Dont's of Dishwashing:

- Before starting the dishwasher, run the water in the kitchen sink until hot.
- The dishwasher drains through the garbage disposal. Run the garbage disposal prior to starting the dishwasher. Do not operate the dishwasher if the kitchen sink or garbage disposal is clogged or stopped up.
- Wash plastic items which are marked "dishwasher safe" or the equivalent only. Load all plastics on the top rack along the back face down. Place all plastic tumblers securely over two (2) fingers of the rack to prevent becoming dislodged and falling onto the heating unit.
- Because the dishwasher may leak or malfunction, never operate it unless someone is at home.
- To minimize the possibility of injury, load sharp items so that they will not damage the door seal. Load sharp knives with the handles up to avoid injuries.
- Make sure your garbage disposal is empty before starting the dishwasher.
- To avoid over-sudsing, use ONLY dishwasher detergent specifically made for use in the dishwasher. DO NOT USE LAUNDRY OR OTHER DETERGENT. Store all detergent in a dry place. Do not place detergent in the dishwasher soap dispenser until you are ready to use the dishwasher.
- Scrape off bones, seeds, skins, toothpicks, hard-shelled vegetables, meat trimmings, leafy vegetables, crusts, and excessive quantities of oil, grease, and quantities of food
- Place dishes in the dishwasher before the soil on the dishes has a chance to become hard and dry.
- Remove foods such as mustard, mayonnaise, vinegar, lemon juice, and other high-acid foods, which may discolor stainless steel.
- Never use abrasives or sharp objects on the panel. See above for cleaning instructions.
- When loading the dishwasher, make sure dishes are not blocking the wash tower, which rises up through the center of the bottom rack during the wash and rinse cycles.
- The disposal is self-cleaning. Never use caustic drain cleaners in the unit. An occasional use of baking soda should eliminate odors.
- Do not allow items to extend through the bottom rack or silverware basket, such as knives, skewers or pot handles.
- Place glasses, cups, and saucers on the top rack face down to prevent them from becoming dislodged.
- Do not stand on or place heavy objects on open dishwasher door.

Any damages which need extensive work caused by the Residents will be determined and repairs made prior to move out. Cost of damages will be **determined and charged to Residents**.

54. MOVING OUT

When it is time for you to move out, you are required to:

1. Fulfill all the terms and conditions of your Apartment Lease and leave without any debt to the community.
2. Give us formal written notice, within the time frame stated on your lease, of your intention to vacate.
3. Vacate and remove all of your property on or before the lease end date.
4. Complete the move-out portion of the Resident Processing Checklist.
5. Give us a complete forwarding address and phone number where you can be reached.
6. Leave your apartment clean and free of damage. Normal wear and tear accepted.
7. Return all keys to the office. Until then you are not considered officially moved out.
8. If you vacate your apartment, any personal property left in your apartment will be considered abandoned and may be disposed of, without liability to CMG Leasing.

55. MOVE OUT DAY

Moving trucks and vans must be parked in authorized spaces only. Please be sure not to block other vehicles or passageways with moving trucks or belongings. Handicap parking spaces are not to be used as loading and unloading zones. We highly recommend that all move-out inspections be scheduled with the office at least THIRTY (30) DAYS IN ADVANCE. One inspection per apartment will be conducted. If multiple residents are moving out of the same apartment, the inspection cannot take place until all residents whom are vacating have vacated the premises. If you wish to be present at the inspection, you must provide the Management Office with written notice of your desire to be present at the inspection no less than 4 weeks in advance of your move out date. If an appointment is not scheduled, the inspection will take place with the Resident(s) absent. Be sure to turn in all apartment door and fob keys and mailbox keys so as not to incur charges.

A FORWARDING ADDRESS MUST BE VERIFIED, ALONG WITH THE NAME OF THE PERSON WHO WILL RECEIVE THE STATEMENT OF SECURITY DEPOSIT ACCOUNT AND DEPOSIT REFUND FOR DISTRIBUTION. OTHERWISE, 1 CHECK MADE PAYABLE TO ALL LEASE HOLDERS WILL BE MAILED TO THE LAST KNOWN ADDRESS.

56. DEDUCTIONS FROM SECURITY DEPOSIT AT MOVE OUT

Maintenance base charge will be added to the cost of any painting, cleaning or repairs at move out.

57. VACUUM CLEANERS

A vacuum cleaner is available from the Management Office for your use Monday through Friday from 9:00 am to 3:00 pm, on a first-come, first-serve basis. Please limit its use to two hours. The resident is liable for damages to the vacuum while it is in their possession. After the bag is emptied and the roller is cleaned, the vacuum cleaner should be promptly returned.

SPECIAL NOTE: Fridays are usually very busy for vacuum checkout. Perhaps you would like to choose another day to eliminate the rush.

58. VINYL AND WOOD FLOORS

Solvents should not be used to clean tile or wood plank floors, because such fluids loosen and soften the glue, causing it to seep up through the floor, loosen the covering, discolor the floor, and damage the surface. They can be cleaned with nonabrasive household cleaner or with soap and water. Do not use scouring pads to remove stains as it will remove the finish.

59. WALL CARE

Kitchen and bathroom walls are semigloss enamel, except at the Reserve at Knollwood Apartments. The Reserve Apartment kitchens have flat interior paint. To clean the kitchen and bathroom walls, use a mild soap and water. Other walls in your apartment are painted with a flat latex water base paint which cannot be cleaned. Do not use steel wool, "magic wall erasers", or other abrasive cleaners as they scratch the surface. When placing furniture in your rooms, be sure it is three (3) inches away from the wall to prevent black marks, which cannot be washed off of this type of paint. Be careful not to mark the walls when placing furniture in the apartment or removing it. Marking and damage to the walls is not considered normal wear and tear. Ceiling paint charges not included in standard paint and are not included in 3rd year no paint charge.

60. CARPET

Carpet will give excellent service, provided it receives proper care and attention. Vacuuming carpet is required and should be done on a regular basis (2 times weekly) --**merely sweeping the carpet is not sufficient**. Regular vacuuming removes loose soil and keeps the carpet pile erect. Immediate attention to spots and stains will prevent their "setting" in. Ground in dirt resulting from failure to properly clean carpet will cause damage beyond ordinary wear and tear. The resident shall be responsible for such damage, which could result in the replacement of the carpet throughout the entire apartment; prorated life expectancy will be used to determine charges. Traffic areas need to be professionally steam cleaned at least twice a year to avoid accumulation of dirt and stains. Failure to properly maintain traffic areas is not considered normal wear and tear. Professional steam cleaning the carpet is **required upon vacating**. Please check with office for rates. **Do not sit CPU's directly on the carpet. Place on cardboard or on a platform, which will allow airflow underneath. Heat generated from the CPU will permanently damage the carpet fibers.**

CARPET SPOTS AND STAINS CLEANING GUIDE

WHAT TO REMEMBER:

Act quickly; remove spots or stains before they have a chance to dry or "set". Have necessary cleaning equipment on hand. Before attempting removal, be certain that you can identify the spot or stain, as the wrong cleaning agent may set the stain. Never allow beverages containing alcohol to remain in the carpet. Dilute with clear water. Suction up liquid.

61. CLEANING AGENTS

A detergent solution of one-teaspoon neutral detergent to one teaspoon of white vinegar mixed with one quart of warm water is a good inexpensive solution for cleaning. This solution neutralizes alkaline materials. Household carpet dry-cleaners (spot removers) are available and useful in the removal of some spots. Please read the instructions and use with care and caution.

62. GENERAL CLEANING PROCEDURE

If you cannot identify a particular spot or stain, you may:

- Remove the excess material. If it is solid, remove it with a blunt instrument. If it is liquid, remove it with a clean absorbent cloth or sponge.
- Apply the detergent-vinegar-water-solution mentioned above.
- Blot the area gently with a clean, white cloth from soiled edge to center.
- Allow the area to dry.
- Apply the detergent-vinegar-water solution mentioned above again if necessary.
- Dry carpet and brush pile to restore original texture. With any type of cleaning, avoid getting the carpet too wet and dry it as quickly as possible. Dry air from a fan or vacuum cleaner attachment (if spot cleaning) is helpful when drying wall-to-wall carpeting.

Other walls in your apartment are painted with a flat latex water base paint which cannot be cleaned.
